OBSERVER'S NOTES

The New Year dawns, with cheerful light.
God grant its closing be as bright;
May we, upon its latest day,
Be able with great joy to say—
"I have performed each duty known."
Much good to others, I have done.
May we be wiser at its close,
And stronger still, to choose the right.
Than when its sun upon us rose.

A Happy New Year—Every body. You may think that a funny bit of rhyme at the head of this column. Well, let me tell you about it. A teacher required the class in grammar to analyze and parse a lesson in rhyme. One of the class to compose the rhyme. One of the old friend, Observer, was that one, and it was written 63 years ago. Thinking of the New Year today, it all came back to me, funny isn't it?

Beautiful isn't it, that the year begins with a forward look to all that is to be in New Year, and the year goes out in the great joy of Christmas. So now in language of St. Paul, "Let us press forward to another year of joyful service forgetting the things unlovely and disagreeable in the past. Press forward."

Had a happy Christmas didn't you? Well, we all did, happiness, not ours because of things we gave to others, or because of gifts we received, just happiness from within, the joy of the love and Peace Good Will message shining and radiating all through the world; in the hearts of humanity. "Love is the greatest thing in the world" and Christmas unlocks the pent up springs of love, in all hearts, and finds expression in good gifts, and kind messages. Now comes the New Year, just another cycle of time, a circle round which we travel with the ticking of the clock. A new and tried year.

There were so many joyful, happy incidents during these Christmas days, we are loathe to learn them. One of the happiest homes was that of the Mr. Roy Dobbins, when the family circle was made complete by the presence of the mother of the family, Mrs. Dobbins, who had recently come back from the hospital. The dear mother with them again, to relieve the strain of care from younger members of the family, and the dear little granddaughter, Patricia Ann, whose cunning baby ways made all hearts beat light with joy. The family group complete at Christmas time, was more than tiles, or gold to their hearts.

Then again "The Spenders." Some of them will need the ducats they so recklessly spent for foolish things, gifts nobody cares for, toys the children break and destroy when they need shoes. Said one man to another down by Johnson's Market today: "Are you expecting to have turkey New Years Day?" "No," replied the man addressed, "Christmas left me so flat broke that I'll be lucky to get a round steak." Never mind, it was a glorious Christmas, and we'll not regret anything about it, only that some homes were made sad and many felt the stress of want. Thank God for the Good Samaritans, who carry cheer to those in need of help, and most of all human sympathy.

We, in Arlington Heights, have been so blest with ideal winter weather. In a letter from a friend at Estherville, Iowa, we learn of the fearful cold and blizzards that have visited that region. The first came about Thanksgiving. It was 15 degrees below zero, and snow in the air in blinding clouds, and in drifts blocking all traffic, school busses did not run for two days; men froze hands, cheeks, and ears doing the chores. Because of the late maturity of corn, much was unhusked in fields. There have been two blizzards since, regular old timers, and farmers are not on easy street up there.

One thing that keeps the heart light, and gives to every day a touch of joy and of color, is the un-

small-fruit were of the best. Plants fruits and flowers were objects of his care. Of late years Mr. Burkitt has been handicapped by failure of his sight, and strength. It will no doubt, be a happy change for him to return to his old home town, where he can be among the men who were his business and life long friends in Arlington Heights.

After all, friends are the greatest asset in life. A new year, is just another chance to go forward, and make good the mistakes of the past. A new opportunity to try again. And so, friends, on the threshold of this new year, 1928, let us thank God, and take courage. Amen!

Happy New Year! Forward face, Brave to struggle, brave to dare; Gird your armour for the race, God is with us everywhere.

Happy New Year! Look not back, Sometimes there, the shadows fall; Face the future, on its track, Shade and sunshine come to all.

Happy New Year! Keep your dreams, Treasure every loving word, When the darkest hour seems, To engulf their echoes heard.

Thorns may pierce and foes deride, Heavy burdens hear you down; He is walking by your side, One who wears a thorny crown.

Happy New Year! On and on, Through the cycle of its days; Looking forward, soon are gone, All its stress and danger ways.

Soon will pass its joy its tears, All the problems, all the grief; Added to you, in a year, And a new year bring relief.

Happy New Year! Hopes bright, Star, On its path the wise still mends; Precious gems forever are, Waiting where it leads, dear friends.

Happy New Year; May God bless, All who meet it undimmed; Calm and cheer, offset its stress, Meet, and greet it unafraid. Happy New Year! Elinore Crisler Haynes

OBITUARY

Arthur Block
Arthur Block entered this life in Chicago April 27, 1891. He was baptized, instructed and confirmed in the Evangelical church of which his parents were life-long members. On October 25, 1922, he was happily united in wedlock with Martha Krohn of this community and for five years they lived together in love and understanding. Three years ago he contracted the dreaded disease of tuberculosis, and then everything possible was done for his recovery. God willed otherwise. After a short struggle he closed his eyes in the sleep of death, December 19, to celebrate Christmas in his heavenly home. The funeral service was held last Thursday in his late home, Rev. Fricke officiating and his body was laid to rest in the Lutheran cemetery. Oehler & Lauterberg had charge of the remains.

He leaves to remember him always, his sorely bereaved wife, his sorrowing mother, a brother, Milton, and his sister, Edith.

We feel prompted to express publicly our sincere thanks and appreciation for the kindness and sympathy shown to us in our hour of bereavement, especially for the beautiful floral pieces sent by kind friends and the cars they placed at our disposal.

This New Service
Ends Gear Grief

Thanks to a new invention you can now procure service that will do as much to prolong the life of gears as Alemite (chassis lubrication) every 500 miles does to prolong the life of your car.

This invention is the Alemite Gear Flusher, a device for flushing out gear cases with kerosene under power. It rids transmission and differential of all old grease, an abrasive matter before fresh lubricant is injected. Leading auto engineers say this should be done at least every 2,500 miles to keep gears easy to shift and from becoming noisy.

Christmas Eve some five hundred people assembled in the spacious gymnasium of the new parish house to witness the annual Christmas program of the Sunday school. It was well rendered and much credit is due those who had it in charge.

An offering was taken for the Christian Industrial League of Chicago, which amounted to \$72.00.

Last Sunday the annual election of officers of the Sunday school was held. The list of officers elected for the ensuing year will appear in the paper next week.

A threefold wish for a constant Christmas:

That the melody of the Christmas hymns may sing in your heart every day of the year.

That the peace proclaimed by the angels may fill your life with a calm beyond the reach of daily discords.

That good will toward men may glow in your heart as the days lengthen, kindling into a love like that which burned in the soul of Him whose coming brought all Christmas good to earth, and whose Holy Presence alone and always keeps life glad and strong.

We hope to do our part at the table.

Sunday School Notes
A bushel basket overflowing with good things to eat and with toys contributed by the little folk of the Sunday school was delivered as a Christmas gift to a needy family in our community.

The magnificent tree which stands in the church of the church is the gift of Mr. Will Roloff to the Sunday school. It is one of the finest we have ever seen.

Our appreciation is extended also to Mrs. Earl Crandall and Mrs. Elmer Dillon for their kindness in opening their homes for the practice on the Christmas program by the children.

Last, but not least, we want to tell Santa Claus how very happy we are that he could spend a little time with us on Christmas Eve. The little ones especially enjoyed his visit.

We all owe Miss Violet Sumner a debt of appreciation for the splendid Christmas Eve program, and for many hours of work that preceded it and made it possible.

It is a great pleasure to have Miss Ruth Turner back with us for over the holidays. Miss Turner has been at Miss Mason's school at Tarrytown, N. Y.

The community Christmas Tree is the result of the splendid cooperation of the business men of Roselle. Mr. Dillon and his committee from the Men's Club initiated the effort.

The Progressive Club were to hold their annual election Wednesday night. We hope for a correct report of same for our next issue of the Beacon.

The directors of the business men's association: Ralph Nielsen, A. E. Goethel, Dr. Kirlin, J. J. Keating and Herbert Schmidt.

River Grove has a good, safe bank under prudent management. The town has numerous business houses, firms, contractors, mechanics, etc., but most of them have not learned that to build up a prosperous town they must all pull together and advertise their virtues.

They have a progressive club and a business men's association, but they need vim, push and energy. The Beacon is here ready to help them all to develop their latent energies. Don't kick nor knock, join with our reporter and editor, and you can soon become a live enterprising citizen. Who says we'll pull with you for prosperity. Give us a lot of good live news. We want a column of live matter each week. Now wake up and start business on the right track.

We will gladly give all the good news about River Grove and her citizens that the men, women and children can furnish.

You already have the Beacon to push your business forward to prosperity.

Now that another year is drawing to a close let us again gather in the House of God and meditate upon the mercies of God, and give thanks to the author and giver of every good and perfect gift.

New Years service at 10:45.
Holy Communion will be served in both of these services. When Christ instituted the Lord's Supper he said: "This do in remembrance of Me." If we sing "I need thee every hour," surely it need be more fitting to close the old year by doing something in remembrance of the Lord than to spend the last hours of the old year at a wild party of dancing and drinking. All those desiring to partake of Holy Communion are kindly asked to give their names to the pastor.

Then let us start the New Year Right by going to church New Years Day. Church means nothing to you unless U R right in it. Only then will it become a real church to you. Everybody welcome.

BENSENVILLE

Bensenville is to lose the J. H. Valentine family first of the year. Valentine family first of the year, as Mr. Valentine, who is now assistant superintendent on the C. & St. P. Ry. in the Chicago terminals, has been promoted to the position of division superintendent with headquarters at Green Bay, Wis.

It is only by hard efficient service that promotions of this nature come to men on the railroad and Mr. Valentine has surely earned it. His work since he has resided in Bensenville has taken him over the entire terminals at all times of day and night, always on hand when an emergency presented itself. While any community hates to lose a family like the Valentines we all congratulate him in receiving his well earned promotion.

Mr. and Mrs. Peter Knapp spent Monday afternoon with friends in the city returning home on the midnight train.

Mrs. Fredericks and little son spent Christmas at the home of her parents in Chicago.

Mrs. Clarence Waldron left Tuesday evening for Los Angeles, California, to visit relatives a month or so when her husband will also go to the coast to return with her.

The vacant corner lot on Green and York streets has been cleaned of all weeds and rubbish and the old wire fence which caught many a garment of passers by. It certainly made a great improvement in the looks of that lot, which will no doubt be occupied by an up-to-date business block some time soon. Naturally the many improvements that are being put in here will serve as an incentive to all property owners to make their street nice looking.

At the First Evangelical church Saturday evening, Dec. 31, there will be a watch night program. From 9 p. m. till 10 p. m. a splendid program will be put on.

All who are not attending watch night services are cordially invited to make this their meeting. What could be more appropriate than watching the passing of the Old Year and witnessing the appearance of the New Year, amid the soft strains of sacred music?

Several Bensenville people went to Itasca Monday evening to take part in a surprise party on Miss Luehring, as the young lady's birthday actually fell on Christmas Eve the young folks thought best to have the party Monday evening. A very pleasant time was had by all present.

Wilkening-Ackmann
A very pretty wedding was solemnized at the Schaumburg Lutheran church, Sunday, Dec. 11, at 2:30 p. m., when Miss Esther Ackmann became the bride of Henry C. Wilkening.

To the strains of Mendelssohn's wedding march, the two grooms, men led the way down the aisles, followed by Miss Lydia Kastning as bridesmaid, dressed in blue crepe de chine, then came the happy couple, followed by Miss Dortha Ackmann, dressed in salmon pink crepe de chine.

The pretty bride wore a gown of ivory georgette crepe, beautifully trimmed with rhinestones, and her veil was held in place with a spray of orange blossoms, carrying a bouquet of brides roses.

After the ceremony a wedding dinner was served to about eighty guests. Many beautiful and useful presents were received. At midnight a hot lunch was served and the evening was spent in music singing, dancing until the wee hours of morning, when everybody left wishing Mr. and Mrs. Henry C. Wilkening a long and happy wedded life.

The young couple will make their home on the old Wilkening homestead, North of Roselle. Mr. Wilkening, Sr., having moved to his other farm east of Schaumburg center.

PALATINE

H. F. Rennack is driving a new Buick car purchased of Wm. Busse & Son.

K. G. Born is the owner of a new All American Oakland car.

Henry Pohlman had his new Willys Knight car partly wrecked Wednesday night when it received a "broadside" from a car driven by Geo. Shabaz. The accident occurred at the corner of Plum Grove avenue and Slade street. Mr. Pohlman had the right of way; both drivers saw the approach of the other and both took for granted that the other fellow would stop. They didn't and the cars did. Mr. Pohlman had taken out automobile insurance only the day previous.

Santa Claus delivered two Nash cars for Christmas presents this year from the Kruse garage. An advanced six sedan was left at the home of Wm. Rohling and a deluxe standard sedan at the Art Hogue home.

"The game warden will get you if you do not watch out." It is a long time since Halloween, but Peter Venture of Forest Park paid fifty dollars and cost to Judge J. H. Bensch for a check that he killed Oct. 23. The Forest Park man could not understand how Mr. Deverman finally located him. The constable has been looking for him for several weeks, but success finally met his efforts and justice was served. The crime was committed upon a farm on Algonquin road and the presence of mind of the farm owner in securing the auto license number of the hunter is credited in his capture.

Mrs. Annie L. Dean installed an electric stove in her kitchen this week.

Miss Dorothy Ottendorf entertained Miss Allie Jacobsen of Sheridan, Ill. Wednesday and Thursday.

Many homes in Palatine are sending out thru their windows the Christmas cheer, but perhaps done more so than that of Mr. and Mrs. Henry Pohlman on East Chicago avenue. Their residence was only recently completed and is an attractive home. With the bright lights shining thru the windows at this season of the year it is the Christmas spirit personified. Incidentally, Mr. Pohlman has a residence that is as attractive upon the interior as it is from the outside. The commodious rooms such as he has arranged are not usually found in modern homes. Henry says that his family are glad that they have become "town folks," but he still has a feeling that his right place is upon the farm.

Little Melvin Garms, son of Henry Garms, who was very ill with pleurisy, and double pneumonia, is doing nicely, we wish him a speedy recovery.

Santa Claus Did Not Come to City Water Patrons After All

Here is some sad news for those people of Palatine who have been led to believe that there was a water rate reduction somewhere, in their Christmas stocking. It seems that the statement that was made public was unauthorized by the village board as a body and that a number of the names of the trustees that were affixed to the statement were not only unauthorized, but these board members have not even been consulted as to their wishes in the matter. It is sad but it is true, but there is a strong probability that the reduction will be an April Fool's gift, with no joke strings attached to it.

The statement made public and which was signed by the entire village board stated that a Christmas gift of 25c per minimum water bill had been made by the village board.

The editor first thought that Old Santa had been very secretive to keep such an item of news away from our reporter who covers the city hall and police court news. However upon investigation the editor finds that Old Santa is as much surprised as anyone and that somebody "shot the works" before it happened.

Investigation revealed the fact that no board meeting had been held at which there was any vote on the water rate question.

No ordinance had been passed reducing the present rates and about the same members of the village board were found who knew nothing about the proposed changes, had not been consulted, and who did not know that their names were signed to a public announcement until their attention was called to the fact.

We had been informed that the fire and water committee were investigating the water rate question with a view to a change in rates and as a possible water rate reduction was one of the pre-election promises of the present board we have been expecting such a step, but we did not know any action had been taken and facts prove that none have been as yet, outside of possible conferences.

However, the rates are not yet officially reduced; there has been no board meeting, no ordinances have been passed and there is no record of the action such as were proclaimed in flaming headlines.

No ordinance is effective until passed and if the board at its January meeting passes a rate reduction ordinance it will be effective when passed and not before, therefore the reduced bills will not appear until the April reading and the reduction will come as an April fool present and not as a Christmas gift.

Larger Race Track Increases Business Of Other Training Stables

Arlington Park, recognized as one of the greatest racing plants in the country, has popularized among the horse owners the Dean training stables. The larger plant, instead of curtailing the business of the smaller place, has in reality given an added impetus to it. The demand for stables and training quarters at the Cook County Fair Association grounds is much greater than the supply.

Alderman Kunz also has 25 runners in training. He rents one barn outright and his own jockeys and stable men are quartered there. They are also innumerable harness horses in addition to the runners, and the outlook for business for 1928 is excellent says Mr. Chas. Dean. The latter recently purchased two harness horses at the Chicago sale which show excellent promise. The success of L. B. Andersen stable at the 1927 fairs have encouraged him to add to his string of horses. Dr. Gorsline is also reported to have purchased two horses at the same sale.

Horseshoe Trade Not Dying
This rafter has mentioned from time to time the increasing use of the automobile has served to hurt the horseshoe trade of business. This is not true so far as the race horses are concerned. Mr. Ben Dean who is engaged in that vocation at the Dean stables has been a very busy man. Aside from retreating to foot-wear the horses at the Dean stables, he has been called upon to handle considerable work for animals at Arlington Park.

Ottendorf Breaks All Records In Building Devon Ave Bridge

The next few days will witness the final pouring for the Devon avenue bridge that the Ottendorf Construction Co. is building over the Des Plaines river. Actual construction work upon this structure was started Sept. 15. All that remains to be done is the erection of the brick rails and floor. This is a three span bridge, but of such structural strength that an immense quantity of material is contained therein.

Mr. Ottendorf will keep some of his men busy this winter upon the construction of a two span bridge over salt creek on the Beisner road extension north of Itasca. With the method used by Mr. Ottendorf in heating his material, winter weather does not delay construction work.

Window Peepers Are Out Again

Information comes from the east side of town that the window peeper is out again. One father has a load of buckshot awaiting the next appearance of "inquisitor" to his neighborhood. The latter has been very bold and good views have been obtained of the man.

Ex-service Men Need Clothes Says Legion

The Palatine post of the American Legion has heard from headquarters that there are many ex-service men in the hospitals and sanitariums throughout the country, who are in need of various kinds of clothing and the Palatine post is broadcasting this call to the people of Palatine and ask that anyone having any kind of clothing which they no longer have use for, get in touch with some member of the Palatine post, who will be glad to call for the clothing and see that it is forwarded to some deserving ex-service man, who will greatly appreciate it.

Here is an opportunity for Palatine people to contribute to a good cause and if you have any clothing which you can spare, communicate with some member of the local post of the American Legion.

POLICE OFFER PROTECTION FOR COOPERATION

If Palatine is to be rid of petty thieves, the first step along that line is the cooperation of the general public with the police department. The police can not be everywhere at once nor can it be expected that Officer Pashby can "tune in" on cases of theft or other misdemeanors when nobody does the broadcasting.

The officer should be notified at once of any suspicious actions that may come to the notice of any citizen. When any crime is committed the officer should be the first man informed, not the last. Upon one recent case, the police were not notified until 12 hours after the crime had been committed. Any clues that the wrongdoers might have left behind them, were gone by that time.

Palatine has a police force that is anxious to curtail crime and it is ready to work day and night to capture the guilty ones, whether they are boys or adults, but the police department asks an even break. Delay in calling them is helping and encouraging the guilty ones to continue in their crimes, which become greater with each succeeding one.

Lake Zurich
Everybody should give the Electric K. K. a cordial welcome. Zurich will double both her population and the value of real estate, the first year after the cars begin to run. It will benefit every kind of business and start many new enterprises that will all combine to help boom the town. Don't lay a stone or drop a pebble in the way against progress.

Welcoming a New Year of Greater Opportunity

AS GRAIN BY GRAIN the falling sand marks the passing of time--as the year passes in day by day review before us--opportunities to do better and bigger things for this community and its people present themselves to each of us.

May we take full advantage of these golden chances so when we have passed with the years, kindly thoughts will ever follow on.

HAPPY NEW YEAR

Mount Prospect Department

It is only fitting that we start our new year with a Happy New Year wish to all our readers and also wish them unbounded prosperity for the year 1928.

The year now closing has been one of the best we have had and business conditions on the whole have been very good. In fact the general reports show that in volume there was an increase over the year 1927. When we, as citizens of our village, stop to consider the year, we must admit that it has been an exceptional year in the progress of our village. Just stop to look back and then consider the improvements our Board of Local Improvements has put in and with the record speed that all this work was completed. With all these facts in mind would it not be a good thing if we all made a New Year's resolution to support our Village Officials in all their undertakings, which naturally would be a benefit to us as it would tend to help increase our property values.

The Business Men's Bowling League did not bowl this week, as last week they doubled up on their schedule, which, as per usual, leaves Meeske's team in the lead. However, the Hardware team put up a

good game and if they keep on climbing it will be a close finish and make an interesting race between these two teams for the league leadership.

It can be said without exception that the Business men of our village had the best Christmas business they ever enjoyed. There was not one that was to be found who was unable to show an increase over the same period last year and that is saying a big thing.

The new owner of the Drug Store has made a complete change in the place and judging from the condition of the stock he has faith in the future of our village, which is a thing every resident and business man must have to be a success.

Tuesday, Jan. 3, will be the next meeting of our Village Board, when they will take up the regular routine of business and such other matters as may be brought up.

Christmas Day our Fire Dept. had a try out when they were called to fight the fire in the home of William Soenksen, just across from the Fire House. The fire was quickly gotten under control and the damages were slight. We should all feel that our Fire Dept. is efficient and they have shown us in several instances that they are able to handle the jobs in first class shape.

The Chamber of Commerce Christmas Tree has caused considerable talk and all that has come to the ears of the press has been favorable, as has been the remarks on the program given.

Chief Mulso, has been on the go getting the new snow plow in readiness but the weather man has been good to the Chief by holding off with the bad weather until every thing was O. K. Now all the Chief wants is a good snow storm so he can try out his new plow and be sure that it is as good as it is necessary to have in order to clear the streets of our village which is naturally the thing every resident wants done with this piece of equipment.

The time has come for us to close and what can we say that we could do better with that to again wish you all a very Happy and Prosperous New Year with the success you

can stand for the entire 366 days of the year.

The Ladies' Bunco Club meet at the home of Mrs. Grommold on Tuesday evening, December 27. Everyone present considered it an unusually happy evening. Perhaps the holiday spirit had something to do with it, although we all know that Mrs. Grommold is an excellent hostess. Lovely prizes were awarded and refreshments served.

Mr. and Mrs. John Pakan and their son, John James, of Chicago, spent Christmas Eve with relatives in town. The Pakans were formerly residents of Mount Prospect.

There will be a New Years Hop at the Dalebrook on Saturday evening, December 31. Music will be furnished by the Black Cat Orchestra of Mount Prospect. Tickets: Gents, 75c; ladies, 25c.

On Wednesday afternoon, December 28, Mrs. Chas. Pankonin, entertained fourteen children at her home. Numerous games were played and the different Christmas carols were sung.

Aside from the prizes, Santa had left a Christmas stocking for each child. They were then served with refreshments, the mothers assisting the hostess in serving. Those present were: Louise, Bussie, Aurelia Pohlman, Margaret Meier, Marion Jahn of Arlington Heights; Eleanor Jackisch, Elroy Meier, Willard Meier, Elroy Pohlman, George Meier, Leslie Meier, Herbert Jackisch, Fritz Jackisch, George and Charles Renner of Arlington Heights.

Mrs. George Meier has been sick for the past three weeks, but has improved considerably during the past week. Mrs. Meier is able to be up again and we trust that the siege will be completely over when the New Year bells begin to ring.

Mr. L. C. Bussie has also been sick for several days, and he too is again up and around.

Notice of Sympathy

We herby wish to extend our sincere sympathy to Mr. and Mrs. Schumacher and family in their recent loss of their infant daughter.

Note—On the evening of Santa Claus visit to Mount Prospect he brought with him some 300 bags of goodies for the boys and girls of his community. To those who helped make Santa's visit possible we wish to extend our thanks and appreciation and wish for them a Happy New Year.

He Chases the Crow

Perched on an outstanding dead limb near his nest site, prepared for passing insects, is Sir Kingbird, one of the most common of our large fly-catchers, says Nature Magazine. His range extends from central Canada through all parts of the United States except the Southwest. The male bird's pet aversion is the crow, which he will chase from the premises, even inflicting severe punishment with his strong bill.

Wealthy if You're Well

News dispatches tell of a millionaire who commits suicide because of ill health. It is better to be well than wealthy. Riches can feed and clothe. They cannot cure. What is an income if you have no days to spend it in? An income of unspent days ahead, a job, and moderation in all things—that's the best kind of an income.—Capper's Weekly.

A Job Isn't Enough

Forget looking for openings, especially those which open into some place you don't at all want to go. What good is an opening that leads to a potentially fine artist to be a very poor broker? Or good banker to be a bad teacher?—American Magazine.

Ancients Varied Day

Two old sun dials discovered in Ireland are said to prove that daylight saving existed hundreds of years before the Twelfth century. The ancient Irish hour varied, the daylight hour in midsummer being 80 minutes, and in winter only 40.

Snow Aids Coloring

Alpine flowering plants blooming at the edge of the snow line when the snow is melting are very bright, but in dry soil and the same atmospheric conditions the flowers become pale in color.

Widely Circulated

The largest circulation ever reached by a daily newspaper is the more than 2,000,000 credited to the Petit Parisien, published in Paris, according to an answered question in Liberty.

How About It?

"We are not what we think we are; we are what we think," philosophizes an exchange. Why, if we are what we think, what do we think we are, are we not—or are we?

Lengthy Railroad Tunnel

The longest railroad tunnel in the world is the one between Brig and Isella, Switzerland, which is 12 1/2 miles long, according to an answered question in Liberty.

He Doesn't Mean Bouquets

Zeb Hopkins sez the big op'ry house is no place to hold the amateur night. Zeb sez it's too long a throw from the gallery to the stage.—Farm and Fireside.

Bloomed Long Ago

A fossil of dogwood flower was recently discovered in rocks which show that it bloomed at a time when the great dinosaurs still roamed the earth.

Most Widely Used Letters

The letter "e" occurs more often than any other in ordinary writing, according to Liberty. The letter "a" is next in frequency.

Small-Minded

Jealousy is compounded of selfishness, egotism and vanity. It is a pitifully small nature that cannot bear to hear another praised.

EAST MAINE

Happy New Year Everybody!

New Years Eve services at St. Matthew's Lutheran church, starting at 7 p. m. Saturday will be conducted in German. Holy Communion will be celebrated that night.

Mrs. August Geweke has been confined to her room with a severe cold over Christmas. Although recovering, she is still under a doctor's care.

Mr. and Mrs. Ferdinand Wilke and son, Earl, motored to the home of Mrs. Wilke's parents in southeastern Kansas for the holidays.

Both Miss Sievert and Mr. Sonn are spending their Christmas vacation at their homes in Gibbons, Minn., and Fond du Lac, Wis., respectively. Marcus Toepel also came home from Valparaiso, Ind., for the holidays.

The Fred and August Bestmann families who have been sojourning in sunny California, came back home in time for Christmas, arriving here Dec. 23. They found the trip and visit to the southland very enjoyable. They visited Catalina Islands and many cities of interest, and are returning home over a different route from the one they had followed on their way down and thus constantly found new scenes and sights to thrill them.

The Ladies Aid of St. Matthew's congregation, in order to show their respect and admiration for their president, Miss Alvina Johnson, decided to give her a surprise in honor of her birthday anniversary, Dec. 22. Their plans were well carried out but when they reached Miss Johnson's home, they found the honored young lady already playing hostess to a crowd of invited relatives and friends. Miss Johnson charmingly arose to the occasion and soon had the entire crowd enjoying a lively game of buncos. A delicious birthday luncheon was served the crowd of 75 guests present. The ladies presented their president an electric motor for her sewing machine.

Beneath the spreading branches of a beautiful Christmas tree, the children of St. Matthew's congregation presented their annual Christmas program Saturday evening with song and story, and again retold the age-old yet always beautiful story of the birth of the Christ-child. The songs, especially those by the primary room had been well learned and were given in a delightful manner. Every child from the eighth grades down to the tiny tots still too small to attend school, had a Christmas piece to speak. At the close of the service all the children received gifts of candy, nuts and fruit. The tree, a stately balsam, was donated by the firm of Hess & Krause of W. Randolph street, Chicago, and its shapely beauty was admired by all who saw it.

The annual meeting of Maine Local No. 3, of the Cook County Truck Gardeners and Farmers Association, was held December 26, in St. Matthew's school hall, with attendance that was most satisfactory. One of the main features of the meeting was the election of local officers for the ensuing year and which resulted in the 1927 members being unanimously re-elected as follows:

President—Fred M. Krueger. Vice president—John Jaacks. Secretary—George Steil. Treasurer—William Geweke. Executive Committee—Fred Bestmann, F. J. Wilke, John E. Kath. Contracting committee—George Engel, John Jonas. Entertainment committee—John E. Kath, John W. Kath. Directors—August Geweke, John Jaacks, Fred M. Krueger, Geo. Steil.

The Entertainment committee was authorized to make plans and arrangements for another entertainment or play to be held in the spring, perhaps in April or May, the exact date will be announced later as soon as decided upon. This announcement will probably be welcome news to those interested in the past entertainments given by the local and who have been making inquiries as to whether or not another play will be given this year.

Santa Claus paid a visit to the public school Thursday afternoon at the annual Christmas party given by the children. Each child was remembered with gifts and goodies. More than a score of mothers were present to witness the program of Christmas plays, songs and recitations cleverly presented by the pupils and all expressed their appreciation and enjoyment of the afternoon's proceedings. A prettily decorated Christmas tree graced the room in which the program was held and beneath which the gifts were heaped. That afternoon marked the close of school until January 3, 1928.

In loving memory of our darling daughter, Mildred Witte, who passed away one year ago, December 30, 1926. 'One year has passed since that sad day, The one we loved was called away, God took her home, it was his will, But in our hearts she's with us still. She came and gave us happiness, She came and brought us Love, But the angels came down, In their beautiful crown, And took her up above.'

Travel Culture

A family of American tourists was following a guide through the narrow streets of Quebec, Canada. "And this," he said in his best French-English, "is erected in memory of Frontenac, first governor of Quebec." "Frontenac," repeated the young daughter in amazement, "why, dad, I thought it was a hotel."

Radio and the Weather

The weather bureau says that radio waves have no effect on the weather. How clouds are formed and how are pretty well known to every particular. It is also known that radio does not affect any one of the things that lead to the formation of clouds or to the production of lightning and thunder.

Wheeling Old Resident Dies Suddenly After Making Xmas Plans

Mrs. Christian Wendling, nee Louisa Brechtisen, was born Jan. 12, 1847, in Alsace-Lorraine, and died at her home in Wheeling, Dec. 19, 1927, at the ripe age of 80 years, 11 months, 24 days.

Deceased came to this country with her parents, when six years of age, and settled in Chicago, where she grew to young womanhood. She had, in fact, spent practically all of her life in this community.

Three preceded her in death, the four left to mourn are: Elsie, at home; Benjamin in Chicago; Geo. at Lorain, Wis.; William in Des Plaines, besides aged husband and one sister of Pasadena, California, also five grandchildren, a host of relatives and friends.

Eight years ago she and her husband celebrated their golden wedding anniversary. Mrs. Wendling was never very robust in health although she enjoyed fairly good health. She was ill only a few hours before her demise.

She had stayed up Sunday eve, till nearly 10 o'clock, preparing her Christmas cards and talking over Xmas plans, but shortly after retiring, she took suddenly ill and died before medical aid could be summoned.

She was converted and joined the Evangelical church at an early age, having been a loyal and faithful member. She was an active member of the Northfield Evangelical church 46 years, always regular in attendance to both church and Sunday school; also a member of the W. M. Society.

Her pleasant smile and words will be greatly missed by her friends in our community.

May God's richest blessings rest on those that mourn. The funeral was held at the church Wednesday, afternoon, by Rev. M. G. Geil, assisted by Rev. E. Leslie Shaw of the Presbyterian church of Wheeling. Interment in Wheeling cemetery.

The flowers were many and beautiful. Mr. C. Wendling and family greatly appreciate the help and sympathy in their bereavement, given by the Rev. M. G. Geil of Northfield, Rev. Shaw of Wheeling, the choir of the Evangelical church, Mr. Frank Forke, and the many other friends.

A large audience filled the Presbyterian church at the annual Christmas service rendered by the members of the Sabbath school on Christmas eve. The Christmas message was presented in song and story. At the close of the service the following members of the school received recognition for perfect attendance during the past year: First year: Lorraine Mollenkamp, James Utpadel, Jessie Hartmann, Marilyn Miller, Shirley Ward, Dorothy Bieber, Dorothy Likens; second year: Virginia and Lenard Gieske, Melvin Becker, Edna Grewe, John Sicks, Elaine Mohr, Ardath Miller; third year: Douglas Cargill, Donald Welflin, Ruth Grewe, Grace Hank, Robt. Hartmann, Betty Taylor, Katrinka Schering Winifred and Marjorie Mohr, Allen Wick, Emma Hoffmann; fourth year: Richard and Frank Utpadel, Madeline Gieske; fifth year: Augusta Schering; sixth year: Lorraine Utpadel. The following members who missed less than 4 Sundays also were remembered: May and Edna Hoffmann, Robert Kruse, Violet Richardson, Eleanor Lemke, Rollin Johnson and Arthur Miller, Jr. Surely the Sabbath school offers a rich field for those who are willing to devote just a little of their time talent and personal influence to implant Christian principles into the lives of our youth. Come and fellowship with your children in the church, as well as in other walks of life.

A buncos party will be given for the benefit of the A. A. L. Northfield St. John's church January 2, 1928, at 8 o'clock p. m. Admission 50 cents, including lunch.

Possessions Worth While

He whose blood is red, whose muscles are hard, whose sleep is sound, whose digestion is good, whose posture is erect, whose nerves are steady, has a good bank account in life—he possesses that which contributes to happiness, to accomplishment, to service, to society, to state and to country.—Calvin Kendall.

Historic Boston Tavern

The first lodge of Freemasons in America, St. John's, held its 100th anniversary in 1733, at the Bunch Grapes in King street, now State street, Boston. It was at this tavern, known as the "best house in Boston," that Lafayette stopped during his tour of the young republic before returning to France.

Error in Training

The child thought is full—full of beautiful ideas just waiting to unfold and grow. Why not give it a chance, then? We often try to pour so much in, rather than allow it to pour out, and in so doing we leave too little room for the latter process.—Exclamation.

KITCHEN CUPBOARD

By NELLIE MAXWELL

The Nutritious Cheese

AS CHEESE is one of the most concentrated foods, rich in food value and with no waste, it should be more commonly used as a food rather than a relish. There are those who call it indigestible, which it may be, as may any food under certain conditions. Cheese eaten after a hearty meal and improperly masticated is indigestible and has, because of that, been called guilty.

Cheese Balls.—Mix one and one-half cups of grated cheese, one tablespoonful of flour, a dash of salt and cayenne. Add the stiffly beaten whites of three eggs. Shape into small balls and roll into crumbs, fry in deep fat, draining on paper to remove excess of fat. Serve with endive salad.

Cheese Croquettes.—Melt three tablespoonfuls of butter, add one cupful of flour gradually, stir until creamy, then add two-thirds of a cup of milk, two egg yolks and beat well. Add one-half cupful of grated Gruyere cheese and beat until melted. Season with salt, cayenne and a cupful of diced American cheese. Spread on a shallow platter to cool. Cut into any desired shape, dip into fine bread crumbs, then into egg and again into crumbs. Fry in deep fat and drain on brown paper.

Cheese Fritters.—Slice thin half a dozen sour apples. The apples should be mellow and easily cooked. Have ready half as many thin slices of rich cheese. Beat two eggs and season to taste with salt and pepper with a little mustard. Soak the cheese slices in the egg mixture and put each slice between two slices of apple. Dip into beaten egg and saute in hot butter. Serve with a green salad.

Mince Sandwiches.—Cut fine a cupful of chicken, turkey or veal, one cupful of chopped nuts, one box of sardines and four cucumber pickles finely chopped. Mix with salad dressing. Butter slices of bread, lay on a lettuce leaf and spread with the mixture.

Sardine's Foe

Hunting the tuna fish was formerly done to protect the sardines, which they devour in large numbers, but since the tuna is now popular for food, it is the basis of an important phase of the fishing industry. In the Mediterranean, says Popular Mechanics Magazine, the tuna are detected by watchmen who sit in chairs on high extension steel ladders on the coast and relay word by telephone when a school of fish is sighted. By means of sardine bait the fish are lured into a bay, called the "death chamber." This chamber is a square inclosure of heavy netting which is closed at the entrance when a number of fish have been caught in it. Then the men, working from a boat around the net, kill the tunnies with spears.

Palms or Willows

In olden times cukes and flowers were thrown down from the church tower amongst the people on Palm Sunday, followed by a procession march of chorists and clerics bearing palms. There are many entries in the old church accounts for money spent in buying "cakes and palms." There has been much argument as to what the "palms" really were. It is unlikely that they were real palms, except possibly here and there in connection with the more elaborate ceremonies held at the great cathedrals. In the villages and smaller towns it is probable that branches of the flowering willow were extensively used, and this would account for the prevalence of these trees in country churchyards.

The Interrupted Elopement

By JANE OSBORN

IN CASES of serious illness Doctor Lanning did not attend members of his own family, but when Martha had hysterics that night in midsummer when Lanning accidentally encountered her in the act of eloping with Peter Letson, he did not consider her condition serious enough to require the services of an outside physician. Having hysterics, under the circumstances, was entirely normal. But even normal symptoms needed treatment, so after Peter had been dismissed with a curt good-night from Doctor Lanning and a look of mute and tearful entreaty from Martha, Doctor Lanning, escorted his sobbing daughter to her room, gave her a drink of cold water and told her to go to bed and to stay in her room for two or three days.

The interruption of Martha's elopement had been quite accidental as far as Doctor Lanning was concerned. He had been roused at midnight by the ringing of his bedside telephone. A country patient wanted him to come at once and rather drowsily, but with all speed, the doctor had put on his clothes and had gone downstairs and out to the garage to get his car when he heard whispers in the driveway ahead of him. Before he even realized that the young couple standing there were his daughter, Martha, and Peter Letson, he heard a shrill shriek of alarm. He knew the voice was Martha's, and Martha was standing there in hat and light coat with a little traveling bag.

The really surprising thing about it all, as Doctor Lanning thought after he got his daughter to promise that she would not make another attempt to elope during his absence, was that there was no same reason why Martha and Peter should have planned an elopement. Doctor Lanning didn't realize then that the elopement had come as the result of Martha's desire to have what she considered a romantic marriage. And now for the first time Doctor Lanning felt decided disapproval of Peter, and when the next morning Peter telephoned to ask permission to speak with him and Martha, the doctor curtly refused. He also warned the young man that any letters or newspapers he might send to his daughter would not be delivered. She was at present confined to her room in a state of nervous excitement.

From a distance Peter watched the Lanning house, and when he saw the doctor's car start out on his morning round of calls he cautiously drew near. Painters were at work on the house—looking at them Peter had a bright idea. And when Doctor Lanning returned an hour or so later he might have observed that whereas three men had been working on ladders and scaffolds when he left there were now four men in paint-spattered white overalls and regulation white canvas caps.

About ten o'clock the next morning Doctor Lanning backed his car out of the garage and down the driveway that ran close to the house and then to the road. Martha's room was on that side of the house just above the driveway. Doctor Lanning had gone to the garage from a back door of the house and had not noticed a painter's long ladder braced against the side of the house with base planted in the gravel driveway. Doctor Lanning reversed his car. He backed and then above the sound of his engine he heard a shout, a rattling of wood and a splash of something limp and liquid on the top of his car. This was the pall that had been held by the painter on the ladder which the car hit as the doctor backed from the garage. The ladder lay flat on the ground. Doctor Lanning saw it as he quickly got out of his car to investigate.

He looked anxiously to see if he had extinguished some near gas, when he knocked the ladder down. He looked up and there he saw a tall young man in white overalls clinging desperately to the window sill—and then he saw two fair arms stretch out the open window—and, after a few seconds when it seemed as if the young man might lose his hold on the window sill entirely, his tall, lank figure was drawn into the house.

Doctor Lanning hurried upstairs and into his daughter's room. He opened the door and saw Martha standing there with the painter's arms about her—and the painter was Peter Letson.

Doctor Lanning began to laugh, so, too, did Peter, and finally Martha.

"I had to see Martha—to see what she wanted me to do about the elopement," stammered Peter, "and since you wouldn't let me even write, I got the painter to give me a job. I bribed him for the privilege of working on this side of the house. I have spent most of my time for two days painting the frames of Martha's windows. The paint is so thick there I dare say it will have to be scraped or chipped off."

"And then I came along and knocked the ladder out from under you," laughed the doctor. "It was very inconvenient of you to let the paint drop on the top of my car, that will have to be scraped off, too." He paused and looked whimsically at Martha and Peter. "You're not going to try another elopement are you? No objections to a regular wedding—any time you and Martha want it?"

Movie Stars Begin Operating Theatres; Chicago Place Opens

The Chicago United Artists Theatre, located on the site of the old Apollo at the corner of Randolph and Dearborn Streets, will be the first to open of the chain of theatres throughout the country, owned and operated by a group of the foremost stars of the cinema world. This playhouse opened Monday, Dec. 26, with Norma Talmadge in the screen version of the stage success "The Dove," and it is fitting that the attraction at the newest picture palace should be the latest vehicle of one of the leading members of the United Artists organization.

Norma Talmadge and her associates stars in the corporation which includes Douglas Fairbanks, Mary Pickford, Charlie Chaplin, by going into theatre management and operation are thus brought into closer contact with their public as well as developing a new source of personal income. Profits, which eluded them heretofore to fall into alien pockets will now revert to themselves as the exhibitors of their own pictures. Thus, this galaxy of stars which has won fame and fortune by making their own pictures, will sell them direct to the public, cutting out the middleman.

The United Artists have ambitious plans for extending their circuit of theatres to cities of consequence throughout the United States and Canada, and the success of their Chicago venture will be watched with unusual interest in the motion picture world. The undertaking is of further interest to the theatre public in that it is explained by Joseph M. Schenck, business head of the United Artists Corporation, that it will be an earnest effort to debunk the movies by cutting out vaudeville, operatic and other interludes and confining the entertainment to the screen and appropriate musical accompaniment. "A picture theatre for picture patrons" is the slogan of the United Artists.

The chessboard is the world; the pieces are the phenomena of the universe; the rules of the game are what we call the law of nature. The player on the other side is hidden from us. Dickens' Churlishness

Sudden illness or some such emergency may have caused many people to send "regrets" in response to a White House invitation. Charles Dickens, the famous English author, is remembered, however, for featuring his visit to the United States with a curt "It does not suit my convenience" in reply to an invitation from President Taft to dine at the White House.

Botanists are seeking to learn the secret of why one camphor tree will produce solid camphor, and another, although similar in appearance, only camphor oil, which is far less valuable. Mr. Arthur L. Castle, Pioneer of Palatine Dies in Elgin Home

Mr. Arthur L. Castle, who was born upon the Castle farm, near Deer Grove in Palatine township in 1855, died at his home in Elgin Wednesday, Dec. 28. He was the father of Howard P. Castle of Barrington and Franz W. Castle, both prominent attorneys. The funeral will be held Friday at two o'clock at the late residence in Elgin, with interment in Evergreen cemetery at Barrington at 3:30 o'clock.

The parents of the deceased settled in Deer Grove in 1843 and were among the very oldest settlers of this vicinity. He attended the Deer Grove public school and the high school at Palatine. In 1887 he was united in marriage with Miss Grace E. Wood, daughter of Darius E. Wood, the first merchant and postmaster of Palatine. Mr. and Mrs. Castle remained upon the farm but a few years after their marriage, when he went to Carpentersville and engaged in the coal and lumber business. He later moved to Elgin, where he was in the postal service until he retired. His wife died Nov. 19, 1923. Last June he married Mrs. Ida Dodge Cole, of Spring Grove, who survives him. Since his retirement from the post office, Mr. Castle divided his time between Elgin and Chain-o-lakes, Waukegan, Wis., in which he held considerable interests.

There also remain two brothers, Chas. D. and Percy D. and a sister, Mrs. Colton.

The Castle family was more or less prominent in northwest Cook county in the early days and the son of the deceased, Mr. Howard Castle who resides in Barrington, is director of the Arlington Heights State Bank and represents this district in the State Legislature. The family has the sympathy of many friends of this vicinity.

"Not Too Late to Send in Money"

"Christmas Day has come and gone but that does not mean that the campaign for the sale of Christmas Seals is over. The Christmas Seal project launched by the DuPage County Public Health Society to get funds to continue its work next year will continue during the balance of this week."

In an appeal issued following the meeting of the Christmas Seal committee this afternoon the public was once more urged to buy Christmas seals and to place them upon the thousands of New Year's greetings and gifts that will be sent out within the next few days. It is hoped that all persons mailing greetings will remember to attach a Christmas Seal to the back of the envelope; by so doing they will get the satisfaction of feeling that they have done something to help make tuberculosis only a memory as far as DuPage County is concerned.

Make checks payable to DuPage County Public Health Society.

The Seal sale to date is \$7,000 and is not sufficient to carry on our program for next year. Although the death rate from tuberculosis is cut in half, that means our job is only half done.

Indians Had Maple Sugar

The Indians were adept at maple sugar making before the coming of the white man. In fact, the whites learned of maple sugar from the Indians and imitated their process of tapping trees and boiling down the sap. The aborigines of America made both sirup and cake sugar of the most delicious kind. Such sugar was an object of barter among them.—Pathfinder Magazine.
